[illegible]

Technical drawing of a rectangular frame. The overall dimensions are 1'-6" (width) and 2'-8" (height). The inner opening dimensions are 1'-2" (width) and 2'-4" (height). The frame consists of multiple concentric rectangular borders. A circular detail with a dashed center is located in the upper right quadrant of the frame. A dimension of 1" is shown at the bottom right corner, and a dimension of 1 1/4" is shown at the bottom right corner of the frame.

Technical drawing of a 1/2 inch thick plate. The drawing shows a horizontal plate with a thickness of 1/2 inch. The total length is 1'-6 inches. The distance from the left end to the first vertical line is 1'-2 inches. The distance between the two vertical lines is 2 inches. The distance from the second vertical line to the right end is 1'-4 inches. A weld symbol is shown on the bottom surface of the plate, indicating a fillet weld. The distance from the right end to the weld is 1 inch.

AROUND OUTSIDE

Technical drawing of a beam with dimensions: 2'-4", 2'-0", 1'-11", 1'-12", 2", and 1".

Technical drawing of a rectangular frame assembly. The overall dimensions are 2'-4" in width and 5'-0" in height. The frame consists of an outer border and an inner border, with a central rectangular opening. The inner opening has a width of 2'-0" and a height of 3'-0". The frame is composed of multiple layers, with a total thickness of 1 1/8" on the left side. A central circular detail is shown within the inner opening, with a diameter of 1". The drawing includes dimension lines and arrows indicating the various measurements.

- 1.SINK IS FOR DECORATION, NOT FUNCTIONAL
- 2.DRAWERS FOR DECORATION ONLY, NOT OPERABLE
- 3.CABINETS SHOULD HAVE HINGES TO OPEN OUTWARD
- 4.KNOBS CAN COME FROM STOCK
